Third Party Manufacturing

Certain brands outsource their product manufacturing due to certain technicalities and lack of capabilities. We cater to these brands by providing the best formulations and final products.

Indrani Cosmetics is one stop shop for the top-notch quality beauty products. I have tried - fruit facial kit and orange facial kit, and trust me you can feel the difference in your skin right away. And do you know what the icing on the cake is? Well, their products are cruelty free and that's what I love the most. I definitely recommend Indrani Cosmetics.
